

[DC Testing Sites List](#)

[MD Testing Sites List](#)

**We know that many medical providers can administer tests and offer good advice, but below are some resources recommended by fellow parents.**

### **RAPID TESTS**

[www.xpresspediatrics.com](http://www.xpresspediatrics.com)

#### **Pediatric Xpress Urgent Care**

11411 Georgia Avenue  
Silver Spring, MD, 20902  
(240) 244-0723

Several families have accessed rapid tests via Pediatric Xpress in Silver Spring, since many medical providers have a long turnaround times to receive results. We've received good reports about the experience at this clinic.

### **SELF-ADMINISTERED TESTS**

<https://www.labcorp.com/coronavirus-disease-covid-19/individuals/infection-test>

Labcorp offers a Pixel test (PCR) which arrives via Fed Ex to your home and is self-administered. The results are typically back in 48 hours.

### **PCR TESTS**

[www.allergyasthma.us](http://www.allergyasthma.us)

#### **Institute for Asthma and Allergy**

2 Wisconsin Cir #250  
Chevy Chase, MD 20815  
(301) 962-5800

Parents should ask for an appointment for COVID testing with Dr. Lili Wan. Another doctor may see your child, but Dr. Wan is coordinating these tests and requesting her may get you on the schedule faster. IAA is able to return PCR results in 24 hours and often the same day if you have a morning appointment. They can bill your insurance provider.
